The astute reader will have noticed the series in a series dying to break free in Captain Pulsar's Rocketship Rodents. And now, it is yours. Ladies and gentlemen, we present the series that is sure to get Rabbit Valley sued if it wasn't just pure prurient parody, Professor Chronofur. Our intrepid writer and artist have always planned to present the world of the Professor since the inception of Rocketship Rodents. But now he finally steps out of the virtual television set and into the virtual world of comics.

As a bonus for your reading pleasure, and because you just can't get enough Werepuppy in your diet, and because we came up short on our page count and the artist was amazing enough to pull it off in record time, we present "Bronto Rex vs. Tentacat." This short was intended for a future issue of Spooo, but come on, hot macro action. How can you go wrong?

In my not so humble opinion, I love this issue. The only improvement I could think of would be to add more yote. Then again, isn't it all about yote?

So, I hope you enjoy this, the first adventure of Professor Chronofur, and hope you come back for more. Until then, keep an eye out for issue 3 of Spooo Presents, our semi-occasional "My Job Sucks" issue, featuring the artwork of Quel and Kaput.

It's all about yote.
Kurst "YipYap" Hyperyote

After hearing me yammer on the other cover about the wonderful world of yote, I do beg a moment of your time to yammer on this cover about the wonderful world of Werepuppy and Trejaan. I love Rocketship Rodents. I think it's one of the weirdest takes on Sci-Fi and cheesy 50's low budget I've seen yet. My not so humble opinion, to quote a yote, is that the pup kicks serious ass. If you only knew what he did for artwork in the Real World, you'd be impressed too. Ask him at a convention some day.

You! The buyer! Don't forget to pick up your specially priced All Color Centerfold of this issue, direct from Rabbit Valley! http://www.rabbitvalley.com/ is the place, and here's your special coupon code for 20% off the list price of the color centerfold:

YOTEBALLS05 - Enter coupon code at checkout. Expires 11/01/2005

You'll find a link for this special item right on the front page of our site from July to September 2005. While you're at it, grab some more furry comics and artwork. We've got dozens of artists online, all with beautiful color prints, and most of them available in poster sizes too. Shock your co-workers. Scare your roommates! Scream your furriness to the entire neighborhood. Or hell, get a nice clean print to show your mom that not everyone is a pervert as seen on MTV, CBS, Vanity Fair, and wherever else we'll all soon be demonized. She probably won't believe you, but hell, at least you've tried.

Did we mention that every US order gets free shipping on in-stock orders of $25 or more? Did we mention we take American Express, Discover Card, Master Card, and Visa? Did we mention that we ship internationally? I hope so, because this would be a total waste of space if we didn't. Oh, yea, we take checks and money orders too. Hell, send cash in the mail if you want. We'll take it.

In our last episode, **The Professor** and **Patch** had arrived on *Space Station* **Lubricous** hoping to find a piece of the *legendary* **Timegate**.

Unfortunately, the only beings remaining on the station were the vile **Dildog Warriors**! *What malevolent scheme could the twisted creatures be plotting?* How will our heroes survive?

Activate your Timebands, Chrono-Rangers!

It's time for Professor Chronofur!

They've got us trapped, Professor! We'll never make it back to the TimeShip!

Shame on you, Patch! I thought you knew by now...

Where there's a microwave screwdriver...

...there's a way!

BLAM!

Oof! Forry...

EEEEEHOOOO!

Ah, there you are, Professor!

Dildose!

What a... disagreeable... surprise to find you here.

Feeling's mutual!

I must admit to being curious to know how you discovered our plans, but no matter.

Since you were foolish enough to try and interfere, it gives me the opportunity to finally be rid of you, once and for all.

Kill them and process their *organs.*

Process THIS, you junkyard dog!

Aaarrggghh!!!!

Darn you! Darn you!!

What are they doing here, Professor?

I don't know... but I intend to find out! This will complicate our search...

Nyaaaah!

SECURITY

I'll see if I can hack into these security monitors.

'Ang about! What've we here?

Professor, do we really have time..

No--wait! What IS that?

That...is trouble!

We've got to get down there!

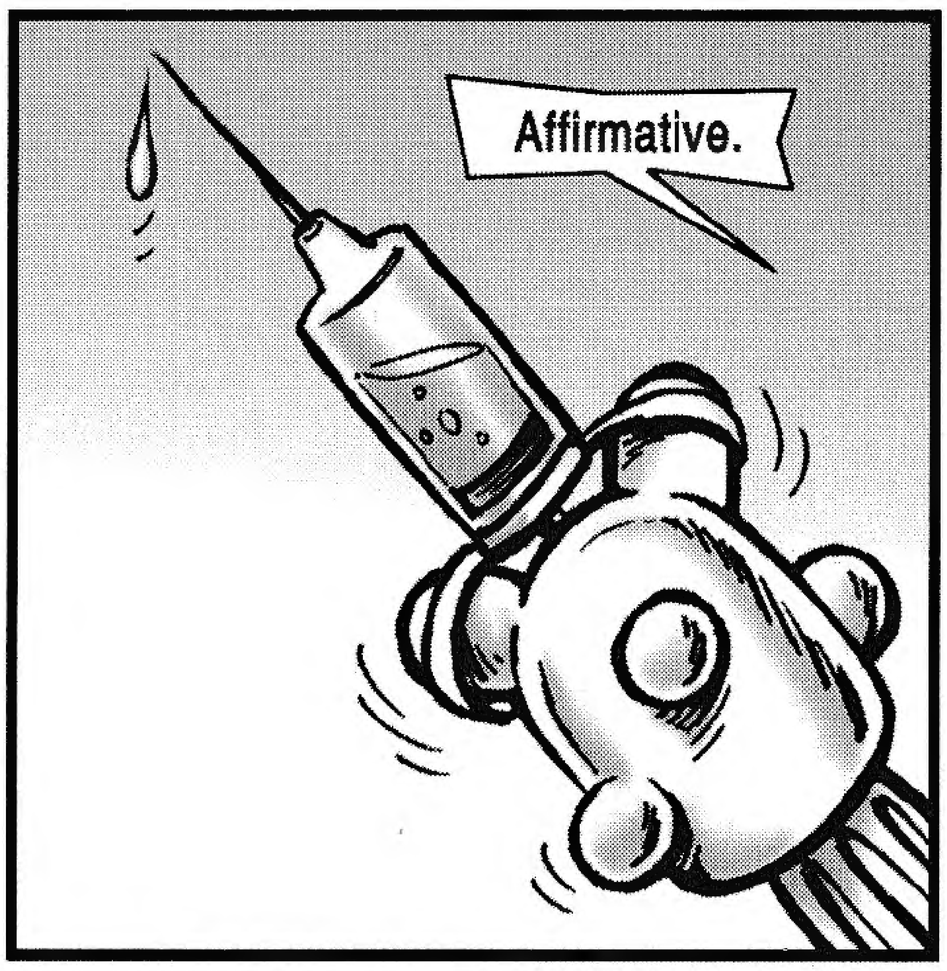

But, what about the *TIMEGATE?*

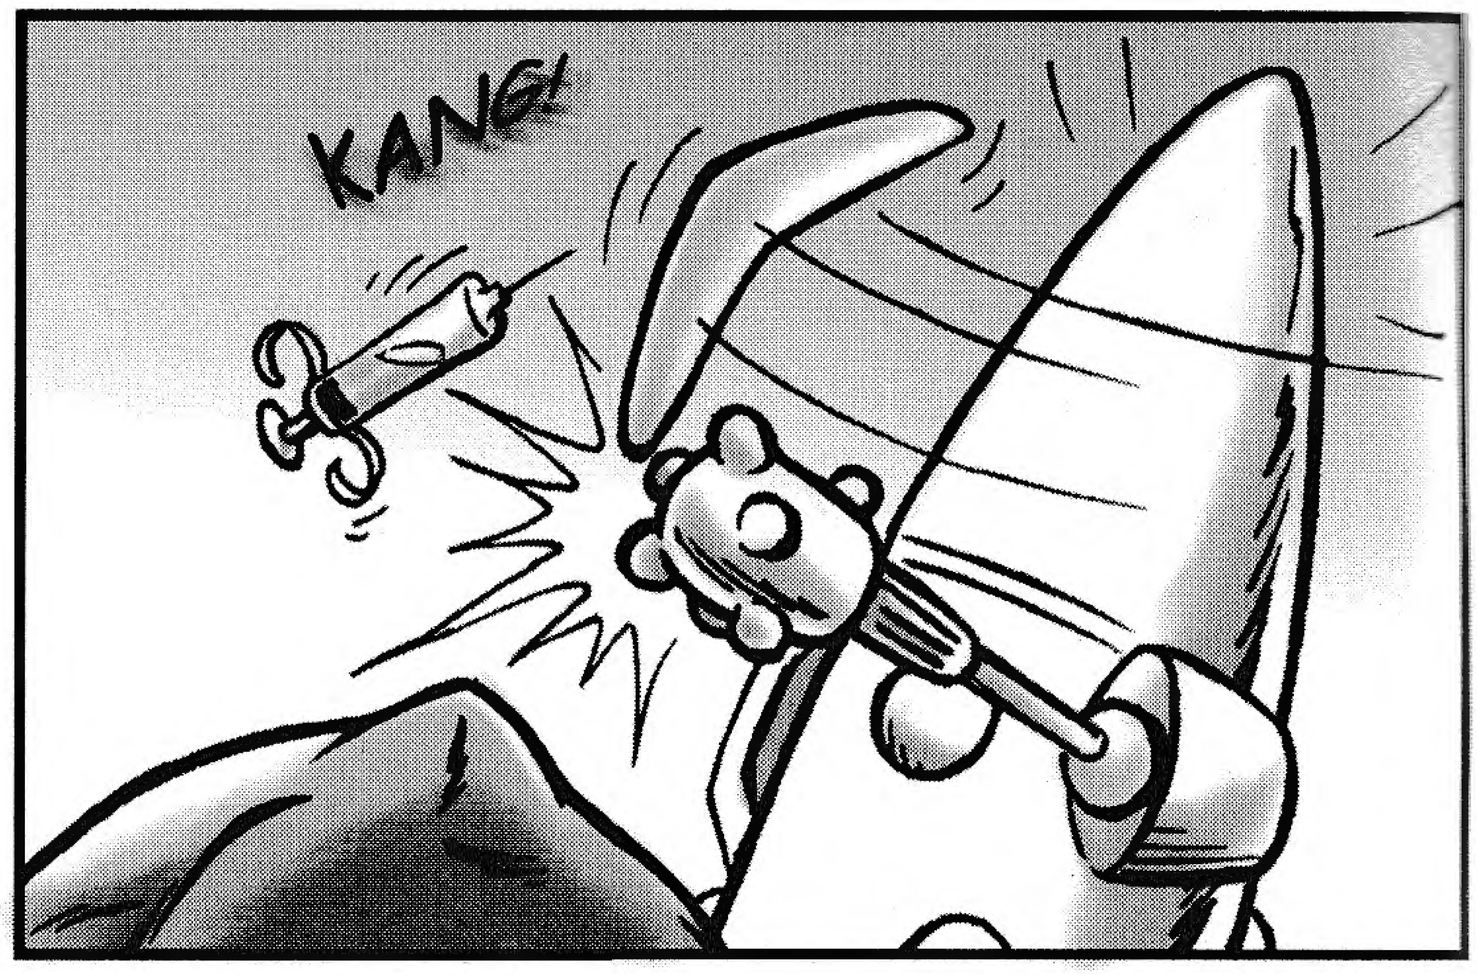

It will have to wait. I have a very bad feeling about this!

Uuuhh!

Unit 69, sedate the mammal.

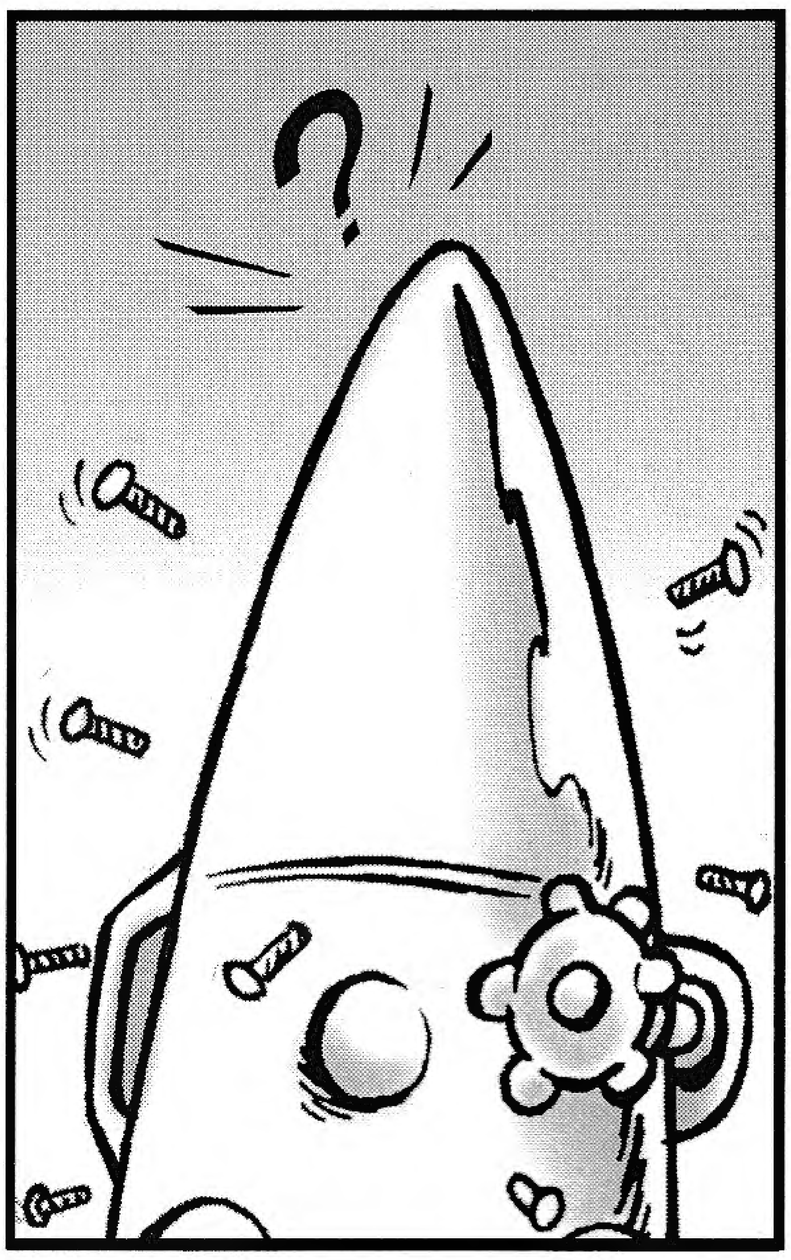

I...I don't know who you think you are, but if you don't release me...I'll...

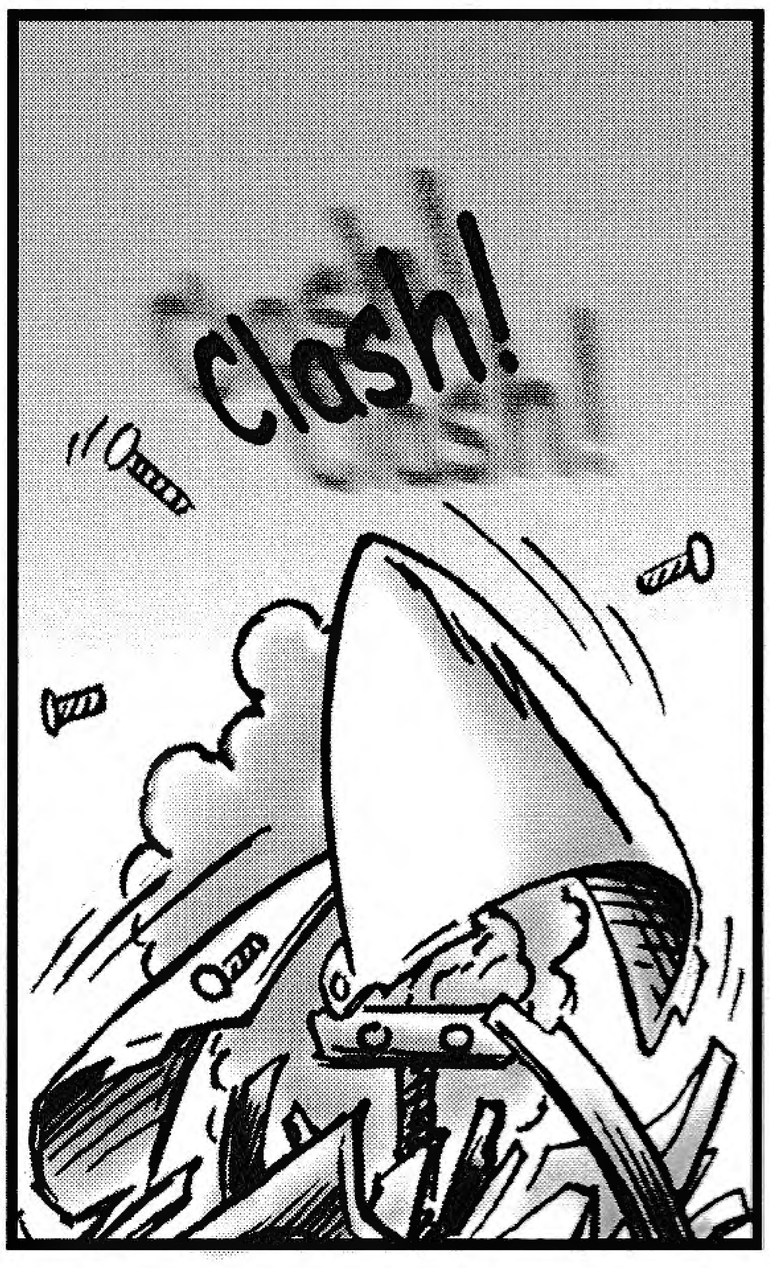

Affirmative.

KANG!

That will be quite enough of that!
FAP!

Let's see what you're made of!

?

Clash!

Nice!

BLAM!

ZONK!

CLATTER!

Who the devil are you?

This is my companion, Mapatchly and I am the Professor.

No. I believe you're thinking of someone else. And YOU are?

Professor who?

Lieutenant Pike, Station Security.

What are those *things*? What are *you* doing aboard?

And where the deuce are my trousers?

Professor! *Company!*

We must get to my ship!

Where are you docked?

Cargo Bay 42.

Cargo Bay?

And it's sure to be guarded!

Is there anything you can do about *that?*

Leave it to me!

Can you tell us how to *get there?*

Heh!

What is it about aliens and anal probes?

This way!

On your tail, mate!

What's happened here, Leftenant? Where IS everyone?

Bugger me if I know. Everything was normal and the next thing I know, I'm strapped down, STRIPPED down and those... THINGS are... well, they didn't even buy me dinner first!

I don't see any *ship* in the cargo bay.

Are there any Dildogs in there?

Um... I think you could say that.
